Questão: /Question:

Respected sir

I need information about *Eucalyptus* wood pulp manufacturing in pulp mills. The fact is that I need education courses that are regularly taken by Brazilian pulp producers. Are there online courses, those may be attended from distant places using internet?

Kindest regards;

Ali

Resposta por Celso Foelkel: / Answer by Celso Foelkel:

Dear Mr. Ali, good morning (or afternoon);

Thanks very much for your interest on the *Eucalyptus* – both pulp quality and/or manufacturing.

I have a full day course on *Eucalyptus* pulp fibers in English, but it is a course to be given “in company” (a company or an organization invites me to give the course and I send a budget for doing such).

On the other hand, less expensive, I have several publications about *Eucalyptus* pulp (more important pulp qualities to the manufacture of papers) that are available in my website www.eucalyptus.com.br free-of-charge.

They may be accessed at:

<http://www.eucalyptus.com.br/available.html>

I suggest you to read the following two:

http://www.eucalyptus.com.br/capitulos/ENG03_fibers.pdf

and

<http://www.eucalyptus.com.br/eucaliptos/ENG14.pdf>

I’m quite sure that they will be very helpful for your better understanding on *Eucalyptus* fibers, pulps and papers.

After reading, in case you may have another question, please let me know.

Best regards and a lot of successes

Celso Foelkel

OK Ali – do it by e-mail message – it is less expensive and I'm able to better follow you.
